

Del Aire Waves

Del Aire Neighborhood Watch Association's Newsletter

Vol. 2

April, 1995

FROM THE VICE PRESIDENT . . .

Thank you for supporting your newly formed watch program. My wife, Cindy (our Secreatry), has been logging all of our member's information and comments on to our home computer. I noticed that a few people expressed concern about who would have access to their addresses and phone numbers. I wanted to respond quickly to reassure everyone that all of our member's information is regarded as highly confidential and sensitive material. Many of us, myself included, have unlisted phone numbers. The only people who will have access to this information will be DANWA Officers, Patrollers and, if ever necessary, Del City Police Department.

The only reason we ask for a phone number is to notify you should a situation develop around your home. An example of that would be if your garage door was left open at night; if your car was being vandalized; or if someone was lurking around your house. In two of the examples I listed the police would be notified immediately, of course. But, speaking for myself, I would like to know about anything involving my home and property as soon as possible. I understand and appreciate your concerns. I just want to assure you we are not selling this information to anyone. As stated on our registration form: "This registration is for the sole possession of the Del Aire Neighborhood Watch Association and is protected from any unauthorized disclosure other than to local law enforcement officials and members of our watch patrol." Please rest assured that we will not distribute this information in any way, shape or form other than what has been noted above.

Kim Lee

FIRST NEWSLETTER DISTRIBUTED

Our first newsletter was distributed on Saturday, Mar 18. We would like to acknowledge and thank the following people for volunteering to help deliver the newsletters: Pat Faglie, John Morris, Renea Martin, Jerry Connell, and Hoover McCoy. These people along with the DANWA officers and their families managed to deliver a newsletter to **EVERY** house in our watch area. (approximately 1,700 homes!) Thank you all for your help!

We are hoping to get one person from every street to volunteer to be Block Captain and help us deliver the newsletters on their street. If you could spare a little time and wouldn't mind the walk, please let us know. We really need your help!

DANWA PATROLLING PROGRAM IN THE WORKS

As stated in our first two meetings, we would like to have our patrols up and running by the end of April. At our first meeting we had seven people volunteer to be patrols. Lt. Mark Edwards of the Del City Police Department ran a background check on these individuals. Everyone and everything checked out great. After the meeting on April 1, we had seven more people sign up to patrol.

At our April meeting, a budget to purchase Neighborhood Watch stickers, Neighborhood Watch signs and patrol equipment was submitted, voted on, and unanimously approved. Kim Lee, DANWA VP, is now in the process of purchasing enough equipment (i.e., CB's, flashing lights, base units, etc.) to get our patrollers rolling. Our next objective will be

to group our District Captains with the patrollers in their area. The District Captains and patrollers will work out their district's patrolling schedule. From there, we should be "Hittin' The Streets." At the same time, we are looking into ordering "Neighborhood Watch" street signs and "Neighborhood Watch" stickers for members' homes and vehicles. We will keep you updated on our progress. Thank you, members, for your support and dedication.

**DON'T FORGET OUR
NEXT MEETING!!!!**

**May 6, 1995 - 10:00
a.m. at Sunnyslane
Baptist Church, 3900
Epperly Drive**

MEMBERSHIP

Yes. Please register my household as a member of the **Del Aire Neighborhood Watch Association**, referred to as **DANWA**. I understand that once I return this completed registration form along with the household membership fee to the above address, I will begin receiving a monthly newsletter and other services agreed upon by the Association. Membership fees are \$12.00 per year, payable in full on the 1st of March, the fee will be pro-rated at \$1.00 per month from the month joining until February 28). Additional contributions will gladly be accepted. Make checks payable to **DANWA**. Send to **DANWA**, P.O. Box 55558, Del City, OK 73155.

**COMMITTEE
VOLUNTEERS NEEDED**

We need several individuals to serve on the following committees:

Membership Committee - will consist of five (5) members. This committee will study ways and means of enlisting new members to the Association.

Auditing Committee - will consist of four (4) members. This committee will audit the accounts of the Treasurer when deemed necessary. An audit will need to be done before the annual meeting, and this committee shall make a report.

Bylaws Committee - will consist of three (3) members. It will consider, edit, and/or correlate amendments to the bylaws and submit them to the Association for a vote.

Publicity Committee - will consist of five (5) members, including the Secretary. The committee will study ways of acquainting the general public with the functions and services of the Association, and

print and distribute special notices to members.

We are also in need of people willing to be District Captains and Block Captains. The District Captain's position is critical to our being able to establish a patrol in that particular area. Anyone interested in volunteering for committees or positions, please contact any DANWA officer. Your participation will be greatly appreciated.

A census taker knocked on the door of a backwoods shack. An old-timer emerged and asked what he wanted. "The president has sent us across the country to find out exactly how many people live the United States." "I'm sorry you come all the way out here,'cause I ain't got the faintest idea," he replied.

DANWA WANTS TO HEAR FROM YOU

First, we would like to say thanks to people who took the time to call us about the first newsletter. After all, this is your Association and we welcome any comments, ideas, and/or suggestions. Any DANWA member selling AVON, Tupperware, Mary Kay, etc. wishing to run an ad in the Bulletin Board Section of our newsletter may do so free of charge! Likewise, any member wanting to buy or sell anything from cars to kitchen sinks may also advertise free. If you would like to have something put into the newsletter, call Cindy Lee at 677-6354.

If you would like to place an ad in the newsletter via the phone, we ask that you write it up and read it to us exactly the way you would like it to be printed. If you would like to have an article or story printed, we ask that you give us a hard copy (handwritten is fine) and let us know if you would like to have your name printed along with it. This will avoid any possible confusion and/or disappointments. Articles and advertisements must

be submitted to Cindy Lee no later than the first Friday of the month.

Secondly, you still have time to submit your ideas for the Name Our Newsletter contest. (Use the form on page 7.) The contest will be going on through the month of April. We are waiting for our President, Buck Buchanan, to return from military duty before deciding on a name. The Executive Committee will meet the first week in May to make their decision.

SUGGESTIONS FROM DANWA AND DCPD

At our April meeting, Lt. Mark Edwards gave us some very important tips on how to secure our homes against break-ins. He also handed out Operation I.D. Inventory forms. If you were not able to attend the meeting and would like some Operation I.D. forms, call Cindy Lee at 677-6354.

Crime is frequently the result of people simply not caring about each other. America has become a nation of strangers, as 20% of its population moves every year. Del Aire Neighborhood Watch provides a way for all people to break down that isolation and enjoy an old-fashioned sense of neighborliness while joining together against crime. Along with Lt. Edward's suggestions, we would like to recommend the following:

* Let's use a **Block Watch** program. We suggest that each neigh-

bor get to know their neighbors on either side of their house and the three houses across the street. Know who they are, what they look like, and what they drive.

* As part of our **Block Watch** program, each neighbor is asked to display a window sticker on the front door or front window of their house and the rear bumper(s) or rear window(s) of their car. These stickers will warn the would-be criminal that your neighbors and DANWA Patrollers are watching your house and car. Burglars are afraid to be seen and the stickers will make him think twice. And, sometimes that's all it takes to keep an honest man honest.

* In the event you become aware of a crime, write down the description of suspicious person(s), license number, and/or any identifiable markings on their vehicles then **CALL THE POLICE IMMEDIATELY**. Insist on filing charges even if he or she is a juvenile, an acquaintance or even a neighbor! We **must** let it be known that this behavior **WILL NOT BE TOLERATED**.

* Each participant should attempt to make their home an unwelcome target to burglars. Leave the front and rear porch lights on all night, keep shrubs trimmed below window level, use your locks and be an **Active** participant in your Neighborhood Watch program.

* You can take the profits out of burglaries and thefts in Del City by participating in **Operation I.D.** By marking your property with your Social Security Number you are giving the police a means to trace your property in the event it is stolen. Burglars and thieves thrive on stolen property that cannot be identified. Thieves discover quickly that marked property is of little value on the illegal market. Identifiable markings also aid the police in returning property to its

rightful owner much sooner.

* Property which has a manufacturer's serial number should be marked because many of these numbers are not truly unique; there may be a whole series of identical items bearing the same number as yours. Do not take a chance with your valuables. Log the serial numbers on your **Operation I.D. Inventory Sheet** and mark the item to be sure.

* Small items of jewelry or items unsuitable for marking should be permanently recorded by making a photo and writing a brief description on the back with the date of purchase and value. This may aid in the recovery of the item and will allow a more accurate description in the event of loss or theft.

* This is the cheapest insurance you can obtain; it costs just a few hours of your time. Make your mark for crime prevention today; security is everyone's business.

NOTES FROM A NOSY NEIGHBOR

In a gentler time everyone lived in a "community." People sat on their front porches while their children played safely in the front yard. Neighbors recognized every face and could easily spot a stranger. Now 6-foot fences, high-tech security systems and busy schedules isolate neighbor

from neighbor. Fear has replaced familiarity. But it doesn't have to be this way. People are reclaiming their neighborhoods and, in the process, creating a better place to live.

Neighborhood Watch Associations are citizens joining forces and working hand-in-hand with law enforcement to create safe neighborhoods and preventing crime by physically securing their homes. More important, they're looking out for each other by watching each other's houses, exchanging daily routines and vacation schedules, keeping an eye on neighborhood children and helping special residents such as the elderly or disabled feel secure. And they're boosting community improvement through activities like cleaning up parks, promoting child safety, neighborhood picnics and block parties.

Sometimes the thought of a Neighborhood Watch program can be a tough sell. A lot of people think, "We don't have many problems compared to area. Why bother doing anything like that now?" My response to that is simply, preventive maintenance. A neighborhood that watches for and acts on little problems now will not have big problems later.

As a small child, one of the safest places I can remember was my grandmother's house, actually, the neighborhood. My grandparent's knew the neighbors and they knew us. I'm not just talking about the neighbors next door to us, but four or more houses in either direction. Everyone knew each other by name! At Halloween it was the greatest place to go Trick-Or-Treating and at Christmas we would give and get tins full of cookies and candy. Why was this neighborhood the way it was? Because, the neighbors did what they could to make their neighbors

their friends. Basically, people cared enough to take the time to smile, wave, and sometimes stop to chat for a minute. My grandparent's got out of their neighborhood what they put into it. The same will hold true for us!

DANWA can offer many different things to our members. For the children, we can hold a course on bicycle traffic safety, group bike riding, and even Easter egg hunts. As an association, we can go beyond crime prevention into beautification. Trash, tall grass, dead weeds, home neglect and graffiti all make a neighborhood look bad and tend to attract undesirable residents. We can establish clean-up programs, graffiti removal groups and lawn care assistance for the elderly. The possibilities are great.

Our Association meetings are a time to meet your neighbors, share ideas, and discuss everything from crime prevention to maintaining our nearby parks. Sure, we could be called nosy neighbors, but I think it makes everyone feel better to know we're all on the ball. Speaking for myself, I'm proud to be a Nosy Neighbor!

NEIGHBORHOOD WATCH SIGNS & STICKERS

Several streets entering into the Del Aire Watch Area (S.E. 29th to S.E. 44th, from Sooner Road to Sunnylane) already have Neighborhood Watch signs in place. These old signs will eventually be replaced with DANWA signs. In the meantime, however, we are concentrating our efforts on getting signs put up on the streets that do not have any.

As for our window stickers, you should display one Neighborhood Watch Sticker on the front storm door or front window of your home where it can be seen from the street. You will also want to put one on the rear bumper or rear window of your car(s).

Burglars most frequently try a door then an unlocked window. Usually the sticker on the door will give the burglar a moment's pause while they wonder if a neighbor or patroller is watching them and at that very moment calling the police. They might just wonder enough to go to a neighborhood where no stickers are visible.

The stickers are effective when as many neighbors as possible participate in the program and really watch each others homes. They also help our patrollers identify your home and cars. Volunteer to exchange information with your neighbors. Record their information on a note pad and keep it by your phone so you can call and check if you see something suspicious around their house. Ask them to really watch your home and report to the police any suspicious persons or activities around your home. **Good Neighbors Make Safe Neighborhoods.**

We encourage each person to watch the houses across the street and next door to them, whenever possible. Pay special attention for

suspicious activity whenever they drive, walk, jog or bike through the neighborhood. Teach your children what the Watch Program doing and how it works. If they're out playing and see something odd, have them come and tell you about it.

Chuckle For The Day

It's been said that a sense of humor is a must for growing old gracefully. With that in mind, I would like to share the following item with readers. The author is not known.

SPENT YOUTH?

"How do I know my youth has been spent?" My get-up-and-go, got up and went.

But in spite of all that, I'm able to grin when I think where my get-up-and-go has been.

Old age is golden, I've heard it said, but sometimes I wonder, as I go to bed, my ears in the drawer, my teeth in the cup, my eyes on the table until I get up.

As sleep dims my eyes, I ask myself, Is there something else I should lay on the shelf?

And I'm happy to say, as I close the door, my friends are the same as in the days of yore.

Now that I'm old, my slippers are black, I walk to the corner, and puff my way back.

After I've retired from life's competition, I'll busy myself with complete repetition.

I'll get up each morning, dust off my wits, pick up the paper and read the "Obits."

If my name is missing, I'll know I'm not dead, So I'll eat a good breakfast and go back to bed.

Myself by Edgar Guest

I have to live with myself and so
I want to be fit for myself to
know.

I want to be able, as days go by,
Always to look myself straight in
the eye;

I don't want to stand with the
setting sun

And hate myself for the things I
have done.

I don't want to keep on the closet
shelf

A lot of secrets about myself
And fool myself as I come and go
Into thinking that nobody else will
know

The kind of a person I really am;
I don't want to dress up myself in
a sham.

I want to go out with my head
erect,

I want to deserve all men's respect;
But here in the struggle for fame
and pelf

I want to be able to like myself.
I don't want to look at myself and
know

That I'm bluster and fluff and an
empty show.

I never can hide myself from me;
I see what others may never see;
I know what others may never
know;

I never can fool myself, and so,
Whatever happens I want to be
Self-respecting and conscience free.

ALL IT TAKES IS ONE HELLO

I took the time to say hello
To someone I didn't know,
To someone who was walking by,
A look of sadness in her eyes.
And when she smiled back
gratefully
and said a warm hello to me,
I realized my "little gift"
Had given both of us a lift!

You never know just whom you'll
meet,
Throughout your day on any
street,
People just like me and you
With loneliness and problems, too,
Yet life is always better when
We take the time to be a friend
To someone we don't even know,
And all it takes is one hello.

ANNOUNCEMENT BULLETIN BOARD

DANWA members may place a special notice, advertisement or announcement in the newsletter, Free. Limit to three lines. Deliver to Cindy Lee no later than the 1st Friday of the month. Commercial items included on a space available basis.

PARENTS R US

Do the names Barney, Power Rangers, or Barbie strike a chord of fear in your heart? Okay, do these names make you weak in the knees? If so, this article is dedicated to you.

TWO-YEAR-OLDS; THE ULTIMATE WEAPON

People throughout the world have heard a lot about weaponry in the last few years as leaders of nations discussed sarmament.

It reminded me that a few weeks ago as I was walking through an airport terminal, I saw an exhausted mother dragging the dead weight of a screaming 2-year old behind her. As our eyes met, she brightened and shouted, "You understand, don't you?" I nodded and said, "Have courage, sister. I've been there, done that, and lived to tell about it."

There is not a mother reading this column who does not relate to the awesome force of a 2 year-old. Weight: around 25 pounds. When land based, has an operational range of three to 10 miles. Requires minimum fuel. Is stockpiled globally and deploys whenever the mood strikes.

This sounds dramatic, but I have seen one small 2-year-old bring 130 people on an airplane to the edge of Valium just by crying non-stop for five hours.

I have witnessed first hand what happens to a car full of madcap fun-seekers on a giddy holiday when a 2-year-old kicks the seat for 450 miles and whines, "I wanna sit by the window."

From the age of 2 to 3, youngsters are endowed with extraordinary strength. They can move a piano to get to a penny that was dropped behind it.

They can lift a dog twice their own weight and dump him into the bathtub. They can scale a wall to get to the cupboard with the bananas. They can bend a television aerial in half with their bare hands.

Their strength is short-lived. In another couple of years they will be incapable of picking up towels off the floor and putting them on the rack or holding their own heads up at the table as they eat, but during this year there is nothing they cannot do if they set their minds to it.

They are also equipped with maneuvers that wouldn't work for anyone else in the world. These are graphic displays that leave nothing to the imagination. The primal-scream squeezing-in-and-out-of-the-fists combo sends every mother in the world scrambling to give them whatever they want.

The sit-in tactic is used by a 2-year-old who wants to be carried or go in the opposite direction. He will simply plop down in the middle of wherever and refuse to move. Anyone younger would be left at home. Anyone older would be arrested. But it works for a 2-year-old.

The most effective attack is the waterworks number. They simply open up the tear ducts and let them flow for as long as tears are effective. This is accomplished by a sound of unbelievable decibels. If this sound belonged to an airliner, it would not be allowed to land or fly over any airport in the country. ---The ultimate weapon wouldn't you say?

If I am a winner: ☐ Do ☐ Do NOT publish my name in the newsletter.

I think the name DEL AIRE WAVES should stay _____

Here is a cute poem written by
DANWA member Jaylyn Rogers. I
think it expresses our feelings quite
well. Thank you Jaylyn!

WARNING TO WOULD-BE CRIMINALS

So, You think you're tough?
Well, you might be.
But you won't mess with us
or our BIG family.
We're working together
to put you down.
So get this message,
and SPREAD IT AROUND!!

So, if you think you're bad,
or think you're tough,
We're warning you now,
WE'VE HAD ENOUGH!
Go tell your "friends"
who just think they might
Have the nerve to come into
our neighborhood tonight
That we've gotten together,
now we're "in the know"
WE'RE WATCHING YOU NOW,
HOW FAR WILL YOU GO?
We watch from here,
we watch from there
YOU'LL NEVER KNOW,
WE COULD BE ANYWHERE!!

So take our advise
and heed this warning!
Think it over tonight
and decide in the morning.
If you think you won't get caught,
just wait and see.
You'll end up in jail or worse
(and that would be a pity).
You say you don't believe me?
It just can't be true?
Well come on over our way,
we're ready for you!
Or, you could save yourself
some grief and trouble,
When you see our sign get out
of "Del Aire" on the double!!

PATROL PAGES - "THE STATS"

The Del City Police department has provided us with copies of January and February crime statistics for our area. Here is a breakdown:
