# Best Buy electronics recycling program now available at all U.S. stores

*Consumers may bring up to two units, per household, per day*

**What:** Best Buy Co., Inc. (NYSE:BBY) now offers its electronics recycling program at all of its 1,006 stores nationwide. Consumers can bring **up to two (2) units per day, per household**, for recycling at any U.S. Best Buy store.

Best Buy will accept most consumer electronics, including televisions and monitors up to 32", computer CPUs and notebooks, small electronics, VCR and DVD players, and phones, as well as accessories such as keyboards, mice, and remotes.

A \$10 recycling fee per unit will be charged for items with screens, such as televisions, laptop computers, and monitors. The consumer will instantly receive a \$10 Best Buy gift card in exchange for the recycling fee. (This fee does not apply for units recycled in California stores, and does not apply for any of Best Buy's Exclusive-Branded products, such as Insignia, Dynex, and VPR Matrix.)

The following items **cannot** be accepted through this program:

- Televisions or monitor screens greater than 32"
- Console televisions
- Items containing Freon, including air conditioners, dehumidifiers, and mini-refrigerators (consumers are encouraged to contact their state/county sold waste department for recycling options)
- Microwaves
- Appliances (customers are invited instead to use Best Buy's appliance haul-away and pick-up programs)
