DEL AIRE DEFENDER

DEL AIRE NEIGHBORHOOD
WATCH ASSOCIATION

FEBRUARY 2009

From your President:

Hello everyone,

I hope this finds everyone doing OK. You may or may not have noticed that for the month of January we have had a Police Officer assigned to our area during all shifts. The Officers were to stay in our area when not involved in a call. The purpose of this was to see if having an Officer in our area would have any affect on crime rates or response times for calls in our area. I do not know if this will continue past January or when the effect on crime or response times will be known. When the results are known, I will give out the information.

Our annual membership renewal drive starts this month. Membership dues are \$12.00 for the year. As you may know, all memberships run from March 1st to February 28th. On March 1st all current memberships will expire no matter when paid. That is why our memberships are prorated at \$1 per month for those members joining after the February/March renewal period. You will find an application and an addressed envelope included in this month's newsletter for sending in your renewal.

When you fill out your application, please provide us with your name, address and a contact phone number at a minimum. The remainder of the information is good for us to have in case of an emergency. We maintain the storm cellar / safe room information in case of another tornado in our area. We ask for the cell phone and emergency contact information in case something happens at your residence and you are not at home. We ask for the names of children or others in the home in case we have to call about a problem so we know that person is supposed to be there and we can talk to them. And please only give us the names of children that actually reside in the home. **And as for the information that you provide; it is only used by the officers, patrollers and base units of DANWA. Your information will never be given to anyone outside this organization.**

Any money above the \$1 per month sent in is considered a donation. All money that we receive is used to buy any needed equipment and to support our projects throughout the year. All our officers, base units and patrollers volunteer their time, vehicle and gas to help make our area safer. Thank you for being a member. Be safe.

- 2. Epperly between 41st to 42nd Terrace
- 3. SE 43rd and Mickey to Sunnyslane

Please call
Jim at 677-5044

Good exercise one day a month.

A reminder to everyone:

If you see something that doesn't look right, call the POLICE. If you see someone speeding up and down your street, call the POLICE. If you see someone breaking-in to a house, call the POLICE. DANWA is not a policing organization, we are here to help thwart crime and attempt to be eyes and ears for the police but the **first action anyone should take is to call the POLICE—FIRST** if it is an emergency, call 911, if it is information or to report a car speeding and you have his tag number, call 677-2443 **CALL POLICE FIRST...**

OH! The web site! How do I get there?

Note on the front page of the newsletter, and below, we show the DANWA website address. Once there, you can view the current newsletter and past newsletters, in living color (not all of it is in color but we are slowly working on it) among other things. Meetings and events, our officers, membership application, patroller application, some of the patrollers, vacation notice application, a photo gallery and links to other neighborhood watches, Del City ordinances, and much more. Our Web Master is doing a GRAND job with this effort and we thank him very much.

!!! Shopping Center UPDATE !!!

An update for the new shopping center near I-40 and Sooner. According to the mayor, the building under construction is to be a Buffalo Wild Wings restaurant and should be finished around Spring. Around the Spring timeframe, the Holiday Inn Motel should begin construction. So, still some good news about our city and getting more businesses established.

Linda,
 Soon the snows of winter will melt away once more
 the flowers of spring shall transform the meadows
 with bright colors and sweet smells
 Song birds will fill the air with their melodies of joy
 And all of nature will take on a sense of freshness and new
 life
 Even as grand and magnificent as these events may be
 they were like a single rain drop in a vast ocean compared to
 my love for you.

Happy Valentines

Speaking of computers great tips on forwarding email

A lot of you may already know this. We get lots of unsolicited junk and I'm sure our e-mail address was picked up by the spammers mentioned below.

This is a great F.Y.I. If one is not aware of it. This we should all know. It's important! Do you really know how to forward e-mails? This was received from a system administrator for a corporate system. It is an excellent message that ABSOLUTELY applies to ALL of us who send e-mails. Please read the short letter below. Do you really know how to forward e-mails? 50% of us do; 50% DO NOT. Do you wonder why you get viruses or junk mail? Do you hate it? Every time you forward an e-mail there is information left over from the people who got the message before you, namely their e-mail addresses & names. As the messages get forwarded along, the list of addresses builds, and builds, and builds, and all it takes is for some poor sap to get a virus, and his or her computer can send that virus to every E-mail address that has come across his computer. Or, someone can take all of those addresses and sell them or send junk mail to them in the hopes that you will go to the site and he will make five cents for each hit. That's right, all of that inconvenience over a nickel! How do you stop it? Well, there are two easy steps:

(1) When you forward an e-mail, DELETE all of the other addresses that appear in the body of the message (at the top). That's right, DELETE them. Highlight them and delete them, backspace them, cut them, whatever it is you know how to do. It only takes a second. You MUST click the "Forward" button first and then you will have full editing capabilities against the body and headers of the message. If you don't click on "Forward" first, you won't be able to edit the message at all.

(2) Whenever you send an e-mail to more than one person, do NOT use the To: or Cc: columns for adding e-mail address. Always use the BCC:(blind carb on copy) column for listing the e-mail addresses. This is the way that people you send to only see their own e-mail address. If you don't see your BCC: option click on where it says To: and your address list will appear. Highlight the address and choose BCC: and that's it, it's that easy. When you send to BCC: your message will automatically say "Undisclosed Recipients" or "none" in the "TO:" field of the people who receive it.

(3) Remove any "FW:" in the subject line. You can rename the subject if you wish or even fix spelling.

(4) ALWAYS hit your Forward button from the actual e-mail your reading. Ever get those e-mails that you have to open 10 pages to read the one page with the information on it? By Forwarding from the actual page you wish someone to view, you stop them from having to open many e-mails just to see what you sent. Have you ever gotten an e-mail that is a petition? It states a position and asks you to add your name and address and to forward it to 10 or 15 people or your entire address book. The e-mail can be forwarded on and on and can collect thousands of names and e-mail addresses.

A FACT: The completed petition is actually worth a couple of bucks to a professional spammer because of the wealth of valid names and e-mail addresses contained therein. If you want to support the petition, send it as your own personal letter to the intended recipient. Your position may carry more weight as a personal letter than a laundry list of names and e-mail address on a petition. So please, in the future, let's stop the junk mail and the viruses.

From the Desk of the Patrol Captain

Hello Friends and Neighbors,

Well here we are almost halfway through winter again. You would think the cold weather would keep a few of our less desirables off the streets but apparently, for some, it is easier to venture out in the in-climate weather to do ill then it is to go out to do good.

We have had at least two more residential robberies this past month and even more vehicular burglaries. One item many of you may have recently acquired that seems to be popular among thieves is the portable GPS devices. If you have one that is easily removed from your vehicle and want to avoid having it removed by someone else you should take it in at night if your vehicle is left outside. Also if you are out and about it is a good idea to put these types of devices, and other valuables, out of site when you leave your vehicle. Another thing you might want to do is delete your home address from the device when not needed. Most of us can find our way home the majority of the time but telling someone else how to get there easily (possibly with the garage door opener they acquired along with the GPS) is not always the best idea.

Want to stay better informed about what is going on in our neighborhood?

Go to our website and sign up for DARTS!

You will get more specific and timely information on the good and bad things happening in our neighborhood. You may be able to help stop the next thief or avoid being his or her next victim!

On the good news side we have had 3 new volunteers join the ranks of the patrollers this past month! The next time you see them say thanks to Patricia Satterwhite, #88, Barbara Hixson, #66 and Jimmy Davis, #68.

Once again many thanks to all of you who lend a hand or that occasional kind word.

Rex Warlick, Patrol Captain, 249-5927 e-mail: rexwarlick@cox.net

Just a couple of jokes for you

SENIOR DRIVING As a senior citizen was driving down the freeway, his car phone rang. Answering, he heard his wife's voice urgently warning him, "Herman, I just heard on the news that there's a car going the wrong way on Interstate 77. Please be careful!" "Heck," said Herman, "It's not just one car. It's hundreds of them!"

"I CAN HEAR JUST FINE!" Three retirees, each with a hearing loss, were playing golf one fine March day. One remarked to the other, "Windy, isn't it?" "No," the second man replied, "it's Thursday." And the third man chimed in, "So am I. Let's have a beer."

Occasionally we make comments in this periodical relating to joining the neighborhood watch, being a part of the neighborhood watch, and WE NEED YOU! You might say "I don't have time" or "I would like to do something but I have to go somewhere right now". Don't think of it as helping DANWA, think of it as HELPING YOUR NEIGHBOR.

As little as you think about it, you can help more than you realize. Not only by becoming a patroller but when you go out to pick up your daily paper in the morning or you leave your driveway in the morning, afternoon, or night. Do you look around to see if your neighbor's car is there or how about the two or three cars up or down your street that you see every day, are they still there or is there a DIFFERENT car or truck in their driveway? Does something look suspicious?

How about just looking out your window or door, do you see something strange or maybe an unfamiliar car driving up or down the street, how about some individual walking in the street, have you seen them before, do they look suspicious? Look around, do you see suspicious activity? CALL THE COPS! Don't wait, let the police determine if they are up to no good. Ask yourself what else can I do to help my neighbors.....?

If you can only afford one hour a month, it will help. You don't have to participate 100% of your time. Just think of all the members we have; if one member took one hour out of their schedule for DANWA and there were one hundred members who took that hour, that is one hundred hours more this neighborhood could have GOOD eyes watching. If you feel it is an emergency, you can report directly to the police by using 911 on the phone.

Attention: We need DANWA PATROLLERS WE NEED YOU !!!

We furnish everything you need.....We just need a little bit of your time

Do you have a few hours, a day, a week, a month, to spare.....?????

Patrollers help make our neighborhood a good place to call home.

This is your neighborhood.
