JUNE 2010

## From the DANWA President:

Hello everyone,

The crime stats for the month of April were only slightly up from the previous month, that is a good thing. Our stat numbers are relatively low compared to some of the areas around us, including some of the Oklahoma City areas. The stats are also somewhat higher than a year ago.

I would like to thank all of the individuals that came out and helped block driveways during the Shriner's and Armed Forces Day Parade last month. Your efforts help out the Del City Police Department by helping keep the Parade incident free. Again, Thank You for your help and support.

Well, we had another close call on May 10<sup>th</sup> with the tornado outbreak. I mention this because DANWA started updating the storm shelter list we keep based on the information from the annual membership application. This list is passed on to the Del City Fire Department to be used in case of another direct hit like back in 1999. We are now adding anyone to the list that wants their storm cellar or safe room listed with the Fire Department. The list is not made public or given to anyone except the Fire Department. You **do not** have to be a DANWA member to get on the list. You do not even have to give your name. Just call or e-mail me with the address, type of shelter (cellar or safe room) and the location (front yard, back yard, garage, middle of house, etc.). If you want the GPS data taken, we can take care of that also but it is not required.

The 101 critical days of summer started at the end of May. This is the time between Memorial Day and Labor Day in which there is a spike in fatalities due to summer travel and recreation. So please be careful and stay safe this summer in whatever your summer time pursuits are.

*James Standfill*

## Lend a hand! We Need block captains for:

1. Vickie between 37th to south end of Vickie
2. Epperly between 41st to 42nd Terrace

Please call Jim at 677-5044

WE still need some help for block captains—  
anyone???

A block captain is a vital part as a volunteer who  
delivers the newsletter to the neighbors.

WE APPRECIATE IT ENORMOUSLY!!  
Good exercise one day a month.

## May Meeting Highlights

The 11 members present were welcomed to the meeting. The Treasurer's report and Crime Stats were reviewed.

Under old business: There was no old business to discuss.

Under new business: A discussion was held about the annual Orval Ray Tower cookout. A tentative date of 26 June was set pending confirmation and \$400.00 was set aside to purchase food.

The door prize was won by Mary Mulkey.

The City of Del City is in need of Planning Commission personnel from Ward 3. If you can participate in this activity please contact Ken Bartlett 677-2233 and let him know you would like to help.

There is a need for another member to join the Beautification Committee, contact the Beautification Committee.

Also, there is a need for someone in our Del Aire Neighborhood Watch area to help Art Nettleton with the memorial area on Sooner. The tasks are mainly looking over the area and picking weeds from the flowering area and contacting the city if flowers are in need to be replaced. Contact the beautification committee, Jean Wise 670-4247.

## Scout Corner

Hello DANWA,

What a parade! Each year it gets a little bigger. We had fun tossing out those super balls to the crowd.

We're still planning for our 2 day canoeing trip to the Illinois River in June, going to sell burgers and dogs at the annual model boat racing at Eagle Lake, and get some more "Hands on" time at L.O.C.O (Locomotive Operators of Central Oklahoma). That's the scale railroad club that you can ride the scale trains on the 1<sup>st</sup> Sunday of the month. We went a couple of months ago and after some special training, they let us operate the trains.

Check out some of our pixs at... <http://photobucket.com/Troop60SFSR>

If you have a son interested in getting out and learning some interesting stuff, come down to one of our meetings. Please save your aluminum cans for us. If you have cans you can call (John- 672-0633) or drop them off. Remember each bag helps pay for dues, equipment and help keep the cost of events down.

# Happy Birthday Pat

Try WD-40 as it—protects silver from tarnishing, removes road tar and grime from cars, cleans and lubricates guitar strings, keeps flies off cows, restores and cleans chalkboards, removes lipstick stains, loosens stubborn zippers, untangles jewelry chains, removes stains from stainless steel sinks, remove dirt and grime from the barbeque grill, removes tomato stains from clothing, keeps glass shower doors free of water spots, keeps scissors working smoothly, removes black scuff marks from the kitchen floor, lubricates gear shift on lawn mowers. The basic ingredient is FISH OIL.

**We are reprinting this information just in case it has been misplaced—this is vital, especially since we have had the storms come up so quickly this year. It certainly seems different than in the past.**

## **Storm safety tips:**

### **Lightning Safety Tips:**

- Avoid contact with corded phones
- Avoid contact with electrical equipment or cords. If you plan to unplug any electronic equipment, do so well before the storm arrives.
- Avoid contact with plumbing. Do not wash your hands., do not take a shower, do not wash dishes, and do not do laundry.
- Stay away from windows and doors, and stay off porches.
- Do not lie on concrete floors and do not lean against concrete walls.

### **Tornado Safety Tips:**

- Decide in advance where you will take shelter. When a tornado approaches, go there immediately
- Keep trees and shrubbery trimmed. Cut weak branches and trees that could fall on your house.
- Become familiar with your community's severe weather warning system and make certain every adult and teenager in your family knows what to do when a tornado "watch" or "warning" sounds.
- Identify escape routes from your home and neighborhood and designate an emergency meeting place for your family to reunite if you become separated.
- Move anything in your yard that can become flying debris inside your house or garage before a storm strikes.
- Don't try to ride out a tornado in a manufactured home.

### **Know the signs of a tornado:**

- Strong, persistent rotation in the cloud base
- Whirling dust or debris on the ground under a cloud base—tornadoes sometimes have no funnel.
- Hail or heavy rain followed by either dead calm or a fast, intense wind shift. Many tornadoes are wrapped in a heavy precipitation and can't be seen.
- Day or night—Loud, continuous roar or rumble, which doesn't fade in a few seconds like thunder.
- Night—Small, bright, blue-green to white flashes at ground level near a thunderstorm (as opposed to silvery lightning up in the clouds). These mean power lines are being snapped by very strong wind, maybe a tornado.

### **Put together an emergency kit that includes:**

- A three-day supply of drinking water and food you don't have to refrigerate or cook;
- First aid supplies;
- A portable NOAA weather radio;
- A wrench and other basic tools;
- A flashlight;
- Work gloves;
- Emergency cooking equipment;
- Portable lanterns;
- Clothing; blankets; baby items;
- Prescription medications;
- Extra car and house keys;
- Credit cards and cash;
- Important documents, including insurance policies.

~~~~~  
If you have a storm cellar and don't think you are on the DANWA list of safe rooms, storm cellars. Contact a DANWA officer and we will bring the GPS by to document the location and apply it to our list. This will help the fire and police departments with locating areas in case another tornado wipes homes out as it did in 1999.
