DEL AIRE NEIGHBORHOOD
WATCH ASSOCIATION

JULY 2011

From the DANWA President:

Hello everyone,

For the month of May, residential burglaries and larcenies were both down some. Auto burglaries on the other hand were up from "1" in April to "6" in May.

Of the six, three were at apartments or businesses. Two of the remaining auto burglaries were just off Sunnyslane and Sooner roads. With school out and high day time temperatures, there are more individuals out after dark. It's sad to say that some of them are up to no good. We know that there are individuals from the Oklahoma City area south of SE 44th walking the major roads (and sometimes cutting through) to get to our restaurants and Wal-Mart. Please remember that by leaving anything of value in your vehicle, you are increasing your chances of having your vehicle broken into. You not only lose your stuff, but you have to repair the damage they do. A lot of the time the cost is below your deductible so you pay the bill.

At the July Membership meeting, on the 11th, there will be representative of the Superintendent of Mid-Del Schools at the meeting. The purpose will be to gather and give information and listen to residents comments about possibilities currently being considered for a future school bond issue. If you have questions or comments about this issue, please attend this meeting.

With the weather being as hot as it is already, the possibility of someone suffering from heat stroke and even dying becomes very real. If you have friends, neighbors or relatives that are elderly, I ask that you check on them frequently. I hate to think that someone suffered due to lack of concern, electricity or even a fan. There are programs out there to help people in this type of situation but it needs to be brought to someone's attention. Thank you. Be safe.

SCAMS MISREPRESENTING THE FINANCIAL CRIMES ENFORCEMENT NETWORK OF THE U.S. DEPARTMENT OF THE TREASURY Perpetrators commonly use various government agencies or officials to legitimize their scams. Most recently, the Internet Crime Complaint Center (IC3) has received several complaints which fraudulently represent the Financial Crimes Enforcement Network of the U.S. Department of the Treasury. Victims reported they received an e-mail claiming to be from the U.S. Department of the Treasury stating their lost funds, which were stolen and diverted to a foreign account registered in their name, have been recovered. The e-mail advised to cease all money transactions, especially overseas, and to respond to the e-mail so the lost funds could be returned. The e-mail further stated the U.S. government is making adequate arrangements to ensure outstanding beneficiaries receive their funds. The e-mail is signed by James H. Freis, Deputy Director of the Financial Crimes Enforcement Network, and requires victims to provide personally identifiable information that could potentially result in identity theft. The U.S. Department of the Treasury posted a scam alert on their website on April 13, 2011, stating they do not send unsolicited requests and do not seek personal or financial information from members of the public by e-mail and recommending that recipients not respond to such messages. The alert further provides links for victims to report solicitations claiming to be from the U.S. Treasury.

My name is Jessica Woodie and I am a responsible High school student, but that means it would be best to call after 3:30 on the weekdays!

Don't forget to get out and vote (yes or no) on July 12 for the 2011 bond election. Passage will help Del City Fire Stations upgrade fire fighting vehicles which will in turn upgrade the city's fire fighting status and capabilities and remove OLD trucks from inventory. The bonds will also allow for upgrading the emergency warning and alert systems (the old costly sirens that are hard to find parts for) located around Del City. If you would like further information, please call the fire station or city hall for more in depth information.

Stormwater Quality

The City Del City is under a Department Of Environmental Quality permit for protection of stormwater. The permit is part of the 1972 Clean Water Act that also regulates municipal wastewater plants and industrial discharges.

Runoff is rain or melted snow the picks up and carries away natural and human-made pollutants, finally depositing them in streams, rivers, lakes and even underground sources of drinking water.

The pollutants include but are not limited to:

- Excess fertilizer, herbicides, and insecticides.
- Oil, grease, and toxic chemicals from runoff.

Sediment from improperly managed construction sites and erosion both natural and created by additional water being directed to a stream or river.

If you have a question or need to report an illicit discharge call 671-2874

The Del City Public Works will recycle used oil. Please call 671-2874.

Please remember that the city of Del City has made arrangements for residents to dispose of hazardous household waste (paint, cleaners, herbicides etc) at no charge to the resident by contacting Midwest City at 739-1352

The cooperation of all the citizens within Del City is required to accomplish the vital task of protecting our natural resources.
