DEL AIRE NEIGHBORHOOD  
WATCH ASSOCIATION

SEPTEMBER 2011

## From the DANWA President:

Hello everyone,

I am sure that everyone is aware by now that school has started. So please be aware of your speed in the school zones. They will be watched closely by the Police for a while. The ticket for speeding in a school zone is not cheap and I know your money can be spent better somewhere else. Also please be cautious when driving through the neighborhood as school is starting or getting out, children may not always look or do what you may expect as they cross streets or rush to get to school or home.

July was a really good month for the DANWA area as far as the crime stats go. There were 0 residential burglaries, 1 auto burglary, 1 stolen vehicle and 4 larcenies (not counting apartments and businesses that we do not patrol). Totals city wide were, 40 residential burglaries, 10 auto burglaries, 12 stolen vehicles and 51 larcenies (counting apartments and businesses). You will find the complete statistics elsewhere in the newsletter.

Some upcoming events to be aware of: At our September meeting, there will be a representative from the Del Quest program to talk about this program for High School Junior's. If you would like to learn more about this program please attend our meeting on September 12<sup>th</sup>. Del City's National Night Out will be held October 1<sup>st</sup> at Eagle Lake at 7:00 PM. Please come join us for free food and entertainment. This is a fun event that provides you the opportunity to meet other Del City residents, your local Patrollers, Police and City Officials. So please come join us.

Also, coming up in October will be our Volunteer Appreciation Dinner for those individuals that volunteer in support of the Neighborhood Watch Organization; the Free Dump will be held October 14<sup>th</sup>, 15<sup>th</sup> & 16<sup>th</sup> and in November we will have Representative Scott Inman as a guest speaker at our meeting. More on these items will be coming up later. Be safe!

Our residents have done a great job by not allowing their mowed grass clippings remain in the street—a big thanks to all of you for being conscious about that.

Remember if you have to drain your swimming pool, do not let it drain to the street, the city would prefer to have it in the sewer drain—you are paying for that luxury anyway and the water is recycled.

## Storm water Runoff Becomes Someone's Drinking Water

Storm water runoff will become someone's drinking water after it travels through the drainage system into the creeks and ultimately into lakes. The elimination of illicit discharges is key to maintaining a quality water source now and for future generations. During the summer months grass clippings and fertilizer are problems. During the winter salt from snow removal is a problem. The major pollutants to runoff are always oils and grease, trash, plastic bottles, Styrofoam cups, cigarette butts and trash.

If you observe any activities that will adversely impact storm water runoff please contact Public Works at 671-2874 or the Code Enforcement Hotline at 670-7377. Your assistance is appreciated and needed.

Townsend thanks you for using the recycling bins for your old newspapers and magazines—the money collected is very helpful for the children attending Townsend.
