NOVEMBER 2014

## From the DANWA President:

Greetings Friends and Neighbors,

Hope you saved back some of that Halloween candy, because you may need some extra energy, at least for the first half of this month:

Nov. 2 – Day light saving – set your clocks back one hour (fall back, spring forward)

Nov. 4 – Election Day – be sure to get out and exercise your right (Your vote does count)

Nov. 10 – Marine Corps birthday – Semper Fi

DANWA meeting -- 7 pm (Calvert Christian Church annex)

Nov. 11 – Veterans Day – THANK YOU to all of those who have served

Nov. 27 – Thanksgiving Day – Let it be about more than the food and football

With that, let me wish everyone a Happy Thanksgiving!

Speaking of food, National Night Out was Oct 18, and we had plenty of pizza (from Hungry Howies) and BBQ (from Dickies BBQ). The weather was pleasant, especially for mid Oct.

Del City had the last free dump for the year Oct 17, 18, and 19. If you missed it you can still take your unvalued treasures to the land fill on South Bryant. Take your current Del City utility bill and driver's license with you and get a discounted rate.

While it's not good bye, we've had a change up with our Community Service Officer from the Del City Police dept... Lt Brian Wofford has been promoted to Capt., **congratulations** Brian. As with most promotions he is being moved to night supervisor. Lt. Brad Rule will be our new C.S.O., Lt Rule has been with the Del City Police Dept. for 16 years. We welcome Brad and look forward to working with him.

I wish you all well and look forward to seeing you at our meeting Nov 10<sup>th</sup>. Come and let us know how DANWA can better serve you.

**If it looks suspicious and way out of the ordinary, CALL 911**

## Emergency Preparedness (continued)

**FLOODS**

Floods occur regularly across the country, causing evacuations, widespread damage and even death. Those living near waterways or other low-lying areas are most at risk, but anyone in a community susceptible to flooding can be affected. Hazards range from potentially deadly flash flooding to water contamination due to broken gasoline and sewer lines.

**Before a Flood**

- Consider purchasing flood insurance through the National Flood Insurance Program. Regular home owners' insurance does not cover flood losses.
- Know how to get to higher ground from your home.
- Learn your community's flood evacuation routes.
- Ask local officials how you can protect your home.
- 

**Terms to know**

**Flood Watch**—flooding is possible within 12 to 36 hours.

**Flash Flood Watch**—Flash flooding is possible and could occur without warning. Prepare to move to higher ground if you are at risk.

**Flood Warning**—Flooding is or soon will be occurring. Evacuate immediately if advised.

**Flash Flood Warning**—Flash flooding is occurring. Move to higher ground at once if you are at risk.

**Protecting Your Property**

- If your home is prone to flooding, move your furnace, water heater and electric panel to higher floors.
- Install "check valves" in sewer traps to prevent water from backing up into your house.
- Waterproof your basement walls to stop seepage.
- Build barriers such as floodwalls or levees to keep out flood water.
- Store insurance policies, deeds and other records in a safe-deposit box.

**During a Flood**

- Stay tuned to radio or TV for updates.
- Watch for flash flooding. This can occur without rain clouds or rain in the immediate area.
- Avoid low-lying areas such as canyons and drainage channels.
- Never walk through moving water more than 6 inches deep.
- Do not drive through flooded areas.
- If your vehicle stalls in water, exit it and move to higher ground.
- Evacuate if instructed to by authorities, and return home only when they say it's safe.
- **DID YOU KNOW-CARS CAN BE EASILY SWEEPED AWAY IN JUST 2 FEET OF MOVING WATER.**

**After a Flood**

- Be careful in areas where floodwaters have receded.
- Watch for downed electrical lines and weakened roads and bridges
- Stay out of flooded buildings
- 'use caution when entering damaged structures. Their foundations may have weakened
- Avoid coming into contact with floodwater—it may be contaminated. Wash your hands if they get wet.
- Discard any food that has been in contact with floodwater.

**Beware of Landslides**

- Look for changes in the landscape, such as small slides; leaning trees, poles or fences; widening cracks in the driveway or street; or the ground bulging out at the base of a slope or hill.
- Be prepared to evacuate if you feel threatened.
- While driving, watch for signs like fallen rocks and mud in the roadway. Embankments along roadsides can slide with little or no notice.
- Move quickly away from the path of the slide.
- If you cannot escape, curl into a ball and protect your head.
